For all the animal owners out there, our display will start at 7:30pm and be over within an hour, we care about our pets and hope in doing a big community display for charity it deters the many unadvertised private backyard firework displays that can also be more dangerous for people and animals alike!

If you're watching from a distance, we would appreciate donations where possible. We will have volunteers on the surrounding roads leading up to the display starting where you can drop some pennies in their bucket as way of donation.
You can also donate online using the below link to donate.
Without your support at our big events such as our Annual Firework Display, Santa Sleigh, Duck Race and The Beer Festival we could not continue to run events as well as supporting such great local charities and causes.
