2a *Word Meaning Questions*

To do WORD MEANING questions, you need to know what the words the writer has used mean. Have another read of the text to refresh your memory, then try these questions.

1. **'...keeping a wary eye out for attackers...'**

What does the word **'wary'** mean in this sentence?

Tick **one** box.

confident ☐

cautious ☐

bored ☐

sleepy ☐

1 mark

2. Read from **'The final section...'** to **'...within the wall itself.'**

Find and copy a word from this section which means 'huge'.

1 mark

....

3. **'...her tears prompted the bricks around his body to disintegrate...'**

Which word from this sentence tells you that the bricks broke into pieces?

1 mark

....

4. Look at page 35.

Find and copy **one** word from this page which tells you that the Great Wall is one of China's most popular tourist destinations.

1 mark

....

Reading Raptors know the meanings of even the trickiest words. Do you? Give yourself a tick.

2c *Summary Question*

If I were to summarise SUMMARY questions, I'd say they're about finding the main ideas in some or all of the text. Read back over the text, then crack on with this question.

1. Read from **'The wall's name in Chinese...'** to **'...over 13,000 miles'.**

a) What is the main idea of these paragraphs?

Tick **one** box.

The Great Wall is the best thing humans have built. ☐

The Great Wall is made up of more than one structure. ☐

There are myths about the Great Wall. ☐

The Great Wall is difficult to see. ☐

1 mark

b) Explain your answer using information from the text.

....

....

2e *Prediction Question*

Answering PREDICTION questions is a bit like being a fortune teller — you have to use what you've learnt from the text to guess what might happen next. Try this question.

1. Based on the text, do you think the Great Wall will be successfully protected for future generations or not? Explain your answer as fully as you can.

....

....
