

'Primary schools are encouraged to use their PE and Sport premium funding in a way that has sustainable impact for all pupils'

Amount	What we will do	Why we intend to do this	What is the impact to date? Review July 2025
£4941.61	Purchase x 4 5 a side movable good quality football goals and nets. Purchase padlocks etc to ensure they remain secure	We have created a mini league with the Aln Alliance Schools and within this there is a mixture of team matches and tournaments. When we hosted the last tournament in the Summer Term we had to use temporary poles as goalposts. We also have re-introduced mixed and girls only football training sessions and purchasing 2 sets would be greatly beneficial.	4 x smaller goals were purchased which enabled an effective tournament with the Aln Alliance Schools to be hosted at Whittingham therefore widening engagement and participation with our Aln Alliance Schools. The children use these extensively at breaktimes and after school. They were well used in PE, with having 4 mini teams and training was possible making the lessons more effective. Through pupil voice we know that both training sessions were popular. The girls only group have requested that this continues next year and if possible, could we have some matches with other schools.
£9,600	<i>Primary schools are encouraged to use their PE and Sport premium funding in a way that has sustainable impact for all pupils</i>	A significant amount of our Primary Sports Budget over the years has been used to provide further training in PE for our HLTA. This enables her to take PE across the school and work closely with the HT who is also the PE co-ordinator.	The HLTA helped the HT re-plan the whole school PE curriculum and also champion the new PE Scheme Get Set 4 PE. Lessons are now much more effective and there is an impact on skills and attitudes to PE across the school and is something which needs to continue going forwards.
£400	Contribution towards staffing the afternoons, enabling HLTA to deliver PE across the year to the whole school. 2 X Dance Days for KS 2 with META 4 DANCE.	Using Primary sports budget enables this to continue and build upon the achievements of the last years. One area that needs further CPD is dance so the HLTA will work alongside the company for both days and then access any further training afterwards.	As a school we look to train our staff rather than buy in coaches as we have seen over the past 4 years in particular trained school staff have more impact on standards as they know the children already. We will however, continue to use Meta 4 Dance in school as a training tool for staff but also as positive role models promoting equality and diversity.
£300	Maintenance budget for PE equipment renew and refresh.	Equipment continues to be well used and needs to continue to be refreshed and replaced.	Our equipment is well use but does get 'shabby' quite quicky. For next year need to remind children to use more carefully and for staff to ensure this as well as storing away. We also need to judge whether the stock suppliers are providing us with quality equipment and change if not. Equipment costs have risen considerably so this amount will need to be increased for next year.
£700	Annual subscription to Get Set 4 PE- planning and assessment scheme of work for PE (as per Ofsted action point)	New planning and assessment in place. Staff CPD.	Scheme of Work and Assessment System provided are working well and this will be an ongoing cost moving forwards.

Whittingham C of E Primary School Primary Sports Funding Spending Plan 2024 - 2025- £16,860 allocated

'Primary schools are encouraged to use their PE and Sport premium funding in a way that has sustainable impact for all pupils'

£1000 –	Full subsidy of transport to festivals and sporting competitions.	So that as a rurally isolated school we are not disadvantaged due to our location and can attend sporting events freely without asking families for contributions at this time of particular economic hardship.	This is an important spend for our school considering our location as it enables us to attend a wide range of sporting events.

Overall conclusion

I am extremely happy with the way the Primary Sports Budget has been used for 2024-5. All pupils have benefitted as a result of careful planning of how this budget is yused year on year. Considering our location, we are able to offer sporting opportunities and facilities that are beyond compare. This is shown in our standards in lessons, pupil voice and also having been awarded School Games Award Gold Standard for the 4th consecutive year and will be looking to gain the platinum award. There are no other schools in our area who have achieved this.
