

# Class 3 Topic Letter Spring Term 2 2020

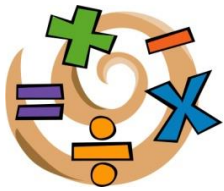

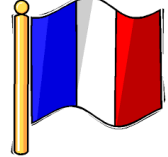

Whittingham  
CoFE PRIMARY SCHOOL

Class Teacher - Mrs E Fletcher (Monday - Thursday)

Supported by Mrs Morris TA

Mrs B Athey - Fridays supported by HLTA Mrs Chisholm and TA Miss Clark

 <p><b>In Literacy</b> we will be developing our Journalistic Writing based around the story 'Tuesday' by David Wiesner. The children will then write their own newspaper reports based on real-life events.</p> <p>We will take part in daily spelling sessions using the Read Write Inc Phonics Spelling scheme. The children will be expected to learn, use and spell correctly all of the spellings from the Years 3,4,5, and 6 spelling lists (copies of which can be found in their planner). This will be tested randomly at points throughout the week and children are expected to spell these words correctly in their everyday work.</p> <p>We will continue to develop our reading comprehension skills through our guided reading sessions and use of Accelerated Reader, as well as increasing understanding of written grammar through writing analysis.</p> <p>Following the success of Sumdog we now have access to a range of English based exercises too, which the children can access at home.</p>	<p><b>Numeracy</b></p> <ul style="list-style-type: none"> <li>➤ Decimals and Percentages</li> <li>➤ Shape - Position and Direction</li> <li>➤ Perimeter, Area and Volume</li> </ul>  <p>We will continue to improve our Problem Solving and Reasoning skills and strategies through daily tasks.</p> <p>Please note: <b>ALL</b> children <b>MUST</b> know their times tables and be able to recall quickly.</p> <p>We are working hard as a school to help our children to become confident and fluent mathematical thinkers. We will continue our daily arithmetic lessons so that we are able to answer questions at speed.</p> <p>In addition to our daily lessons, it would be helpful if your child could go on Sumdog, School 360 Times Table blast and KS2 SATS Blaster at least 4 x per week to develop speed and fluency.</p>
 <p><b>Music</b> - The children will be looking at the historical contexts of ballads in the project 'Make You Feel My Love' from our Charanga Music scheme as well as working with James Tait to develop songs for our Northumbrian production.</p>	<p><b>Art/DT</b> - We will be learning about the work of artist Georgia O'Keeffe. She is best known for her paintings of magnified flowers, animal skulls and New Mexico desert landscapes.</p>  <p>We will also be creating kaleidoscopes using light boxes, linked to our Science topic.</p>
<p><b>Forest Schools</b></p> <p>We will be continuing our work on gaining the accreditation for GreenTrees Gold Award. Please ensure your child is warmly dressed on Fridays as we go out whatever the weather!</p>	
<p><b>Computing</b></p> <p>We will be learning to using Chromebooks effectively as this is the method of technology that the children will be expected to use at DCHS. We also hope to borrow a set of Virtual Reality Headsets.</p> 	<p><b>Modern Foreign Language</b></p> <p>We will continue our French studies, learning how to say the months of the year and talk about our birthdays. As well as discussing our family members.</p> 
 <p>The year 5 children will continue to swim on <b>Mondays</b>. On Monday afternoons Mrs Athey will be delivering either: football, netball, circuit training</p>	<p><b>In RE</b> - We use the Northumberland County Council Agreed Syllabus for Religious Education and will be looking at how different religions are celebrated around the world. In our PSHE work we will continue to build upon positive self-image and confidence.</p> 

## Class 3 Topic Letter

### Spring Term 2 2020

and fitness or hockey. This will be weather dependent so please ensure that full kit is in school so that I can adapt lessons accordingly.

**In Science / STEM** - we will be learning about Light - Understanding that light travels in straight lines. Explain how objects are seen. Describe how shadows are formed.

**In Geography** the children will understand geographical similarities and differences in European countries. Children will bring together their learning about one area of eastern Europe and create information booklets to share what they have found out.

We will then be looking at climate change and green, renewable energy and will find out what happened at the Chernobyl Nuclear Power Plant and its impact on eastern Europe and the rest of the world.

#### Reminders:

Homework will continue to be set in the same way as last half term. Children will complete activities set in revision books for English and Maths and this must be returned the following Monday. All homework should be neat and well presented (at the same standard that is expected in class). Homework books should be kept clean; preferably in a plastic wallet. Any lost or damaged books will be charged at the full price plus postage.

Following the success of Sumdog, all children have log in details for games to help their learning in Reading, Writing, Spellings and Maths, which can be completed as extra revision activities.

Please:

- ✓ Remember to listen to your child read aloud and sign your child's reading record daily.
- ✓ Remember to sign your child's planner weekly. Upcoming events, homework and messages will be recorded in the planner. Parents can also use the planner to send messages to the class teacher. (It will be the child's responsibility to show their teacher if a message has been written.)

Wellies should be kept in school on pegs for outdoor activities in a clearly named bag. We do not have waterproofs for some of our older children, who are quite tall, so it would be helpful if children could bring in their old waterproofs or ensure they are wearing an old waterproof coat on Fridays.

Please could you ensure all equipment and clothing is clearly labelled with your child's name.

Many thanks, Mrs Fletcher.
