

Adding and subtracting 10s

Discover

- a)** How many  are there in total?
- b)** There are 65 people at the fireworks.
40 of the people are adults.
How many of the people are children?

Share

First, I added the ones. I remembered that 30 is 3 tens and 0 ones.

a)

T	O
	
	
	

T	O
	
	

T	O
1	6
+ 3	0
	6

Next, I added the tens.

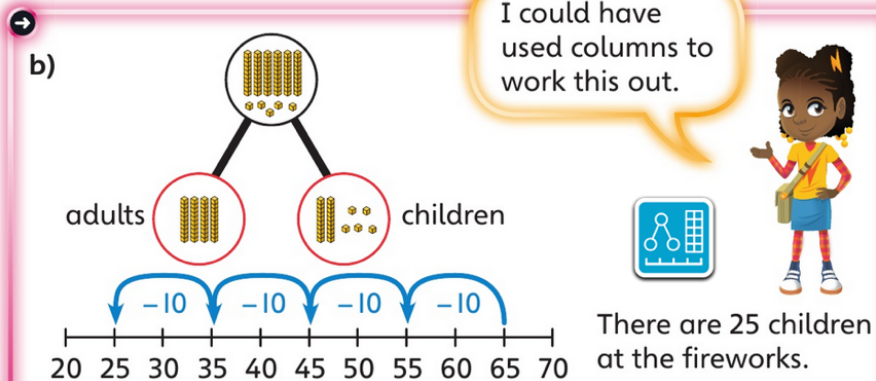

T	O
	
	
	

T	O
	
	

T	O
1	6
+ 3	0
4	6

$$16 + 30 = 46$$

There are 46  in total.

Think together

- 1 How many are there in total?

$$\begin{array}{r} \text{T O} \\ 27 \\ + 50 \\ \hline \end{array}$$

$$27 + 50 = \square$$

There are \square in total.

I could have used a number line to work this out.

- 2 A tray contains 10 pieces of toffee.

40 pieces of toffee are sold.

How many pieces of toffee are left?

$$51 - 40 = \square$$

There are \square pieces of toffee left.

- 3 Find the mistakes in the calculations.

What is the correct answer?
