BOOST

c/o The Duchess's Community High School
Taylor Drive
Alnwick
NE66 2DH

Dear Colleagues,

We're delighted to share two **after school enrichment opportunities** at The Duchess's Community High School, Alnwick, now open to primary aged children in Key Stage 2 and their families across our wider catchment.

BOOST, the charity that exists to support students at DCHS, is hosting two special events for children and families in our wider community:

- **Opera North: *The Marriage of Figaro*, Thurs 29th January 5pm** – a rare chance for pupils and their families to experience live opera and professional performance
- **World War I Living History Event, Tues 3rd Feb 5pm** – an immersive, interactive experience bringing history vividly to life

These events will be provided during the school day for DCHS students and we're excited to also welcome younger pupils from across the local community to two special after-school experiences. Both events are free with a recommended donation for those that can afford it.

BOOST works in close partnership with DCHS to **remove barriers to learning and widen access to high-quality cultural and educational experiences**, particularly important in our rural county where opportunities can be limited by distance. These events are also an ideal opportunity for children and families to start familiarising themselves with the DCHS environment.

Full details, dates, timings and booking information can be found here at [ticketsource](#).

To learn more about BOOST, visit our [website](#) or follow us on Facebook and Instagram.

We hope your families can take advantage of these opportunities and look forward to welcoming your pupils to DCHS.

Kind regards,
Julia Keenan
