

Weekly Headteacher's Blog

Dear Parents/ Carers,

Welcome to the Blog for this week.

As always, any suggestions or questions are very welcome. Contact us by either calling into the office, by email or by using the suggestions box located in the main school entrance.

Kind Regards,

Belinda Athey - Headteacher.

Stay in May.

As always, we would like to encourage parents not to take children out of school for holidays. This is particularly important in the month of May where important assessments take place across the school and in particular, in Year 2. Results of assessments are recorded and these form part of an on-going picture of children's achievement as they move towards Secondary School. Year 1 Phonics Tests take place in June. As always, we are mindful of presenting any type of assessments in a positive way so that the children are happy and able to work to their best ability.

PTA

Thank you to everyone who collected and brought bags of clothes into school for our Air Ambulance collection. There was an excellent response and we hope to have raised a substantial amount of money for school and for the Air Ambulance.

Family Bingo Night Friday 12th May in Glanton Village Hall.

Your opinion counts ... A decision to be made!

As you will know from last week, we have kindly been offered to keep some of the hens that we hatched in school. As many of you know keeping animals has many advantages and disadvantages. It is important to please let us know of your opinion by popping a note in our comments box situated in the Foyer or talking to a member of staff over the next few days so a decision can be made..

Reminders -

Walk to School Week from Monday 15th May with happy Shoesday on Tuesday 16th May.

30 hours Entitlement -

We have been part of the Pilot Scheme this year which will come into force in September. If you have a child who is already entitled you will need to re-apply to be eligible from September 2017. For further queries about this please contact the office.

If you were unable to attend the SRE and wish for further information please call into the office to speak directly to me as I am the co-ordinator for this subject.
