**Exciting Opportunity to be the first school in North Northumberland to become accredited
to the Children's University Programme!**

Dear Parent/ Carers and Governors,

During my work with Alnwick Gardens on the Roots and Shoots Programme I have become aware of an initiative called Children's University which I feel would be a fantastic way to enhance our broad and balanced curriculum whilst rewarding children for their efforts.

I have met with the programme leader who is keen to work with our school because of the wide variety of initiatives already in place such as Forest School, The Daily Mile and our work with UNICEF which are over and above National Curriculum requirements. Our long-term plan would be for us to become a northern hub Children's University School and share our good practice with other schools in the area!

To help us understand what is involved in this exciting project the Programme Leader will be in school on Monday 9th July to deliver an information assembly for parents and children.

It would therefore be fantastic if you could join us on Monday 9th July at 9.10 a.m. to find out more.

This project will be open to all children in school from Nursery to Year 6 and is a school and family initiative so please do come.

Kind Regards,
Belinda Athey – Headteacher.
